March Chapter Meeting – Bring a Friend Night!

With the increasing use of composite materials, there is also a need to develop novel inspection techniques for manufacturing and service. Flynn Spears from Laser Technology Inc. will present some developments on this area. The talk is titled: **"Laser Shearography NDT"**

Please join us for dinner followed by Flynn's presentation.

When:

Tuesday, March 22, 2016
Social Hour: 5:30PM
Dinner: 6:00PM

Where:

Ivar's Salmon House
401 NE Northlake Way
Seattle, WA 98105

Price and RSVP:

Each SAMPE member will have the opportunity to **bring one non-member friend or colleague** interested in or working in a STEM field to enjoy the event for **free**. If you would like to join us for this event, please send your RSVP to newsletters@sampeseattle.org.

SAMPE Student Night and Scholarship

The SAMPE Seattle Chapter is pleased to again offer a \$1000 scholarship program for the 2016-2017 academic year as a way to help support our student members and children of our members. Any SAMPE student member in good standing and/or children of SAMPE members that are pursuing a post-secondary degree in a STEM field can apply. Complete details are available at www.sampeseattle.org

Date: Applications are due **April 15, 2016**.

In addition, we will be hosting a **student night** for all our SAMPE student members on **April 25th** at the Waterfront Activity Center at the UW. Please book it on your calendar!

About PSME 2016

With 29 sponsors and over 120 attendees, the SAMPE Seattle Chapter is proud to announce that we once again had a successful Puget Sound Materials Expo last month! PSME attendees had the opportunity to network with our sponsors as well as other attendees, including students

from our local universities. The conversations were educational and insightful and everyone seemed to have a great time! We hope to continue our increased involvement at PSME in the coming years. Thank you to our sponsors and our members who made this event such a success!
